GREAT VISION TRADE

— TRADE SMART. GROW FAST. —

ABOUT US – GREAT VISION TRADE (GVT)

Great Vision Trade (GVT) is a modern trading-focused platform built with a clear mission — to empower individuals with the right tools, knowledge, and opportunities to grow in the financial world.

We believe that **smart vision + strategic trading = long-term success.**

Our Mission

To help people achieve financial growth through **smart trading, innovative strategies, and digital opportunities.**

Our Vision

To become a **trusted global trading brand** that transforms beginners into confident and successful traders.

What is Crypto Trading?

Crypto trading means buying and selling digital currencies (cryptocurrencies) to make profit from price changes.

How It Works

Crypto prices go up  and down  based on:

- Market demand & supply
- News & global events
- Investor sentiment

Traders try to **buy low & sell high** (or vice versa).

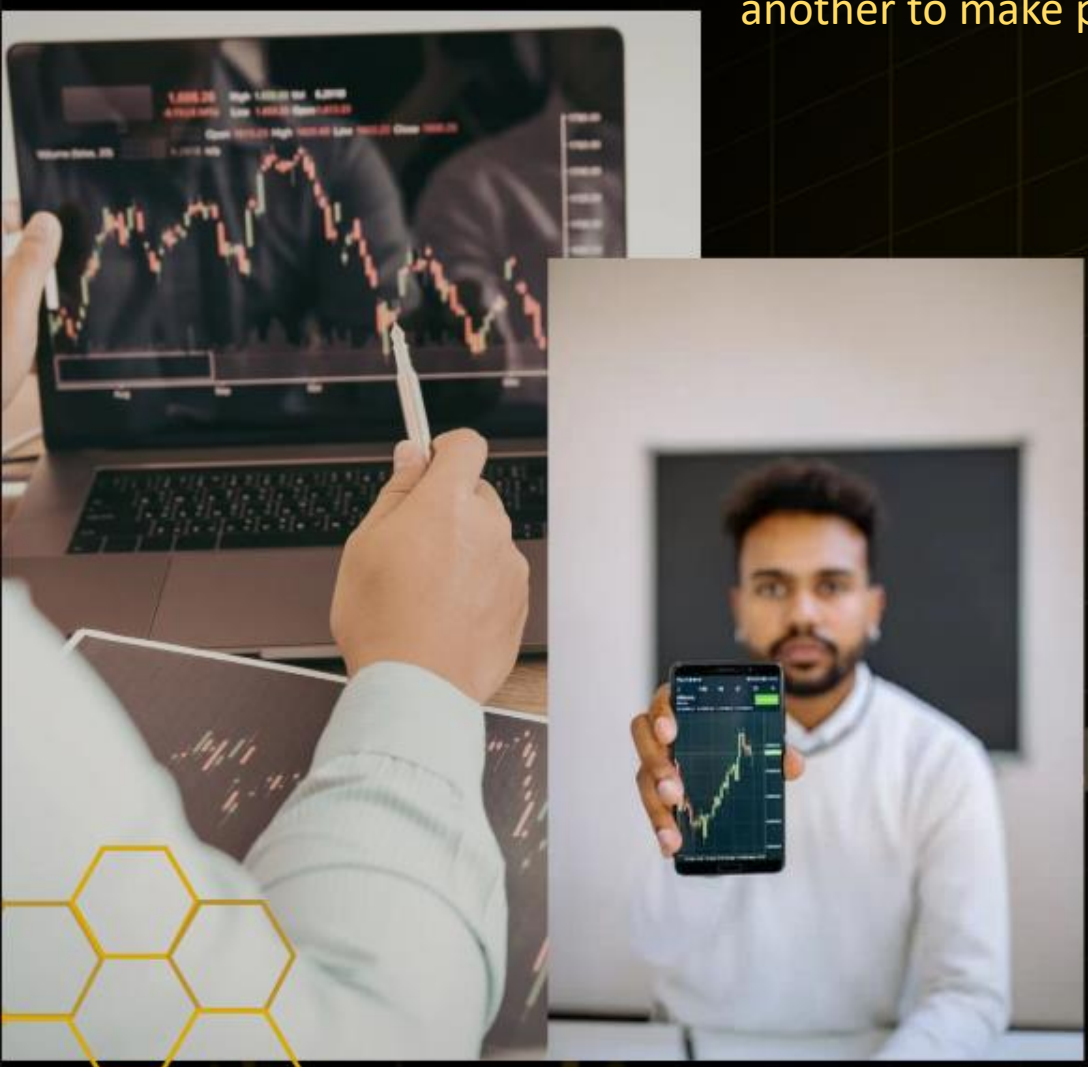

Popular Cryptocurrencies

- Bitcoin (BTC)** – Most popular
- Ethereum (ETH)** – Smart contracts
- Binance Coin (BNB)**
- Solana (SOL)**

What is Forex Trading?

Forex trading (Foreign Exchange trading) means buying one currency and selling another to make profit from changes in exchange rates.

◆ Simple Example

- You buy **US Dollar / Indian Rupee** at ₹83
 - Price goes to ₹84
 - You sell → Profit = ₹1 per dollar
- 👉 This is forex trading.

🌍 How Forex Market Works

Forex always works in **pairs** (like EUR/USD, USD/INR)

You are **buying one currency & selling another at the same time**

Market runs **24 hours (Monday–Friday)**
